

Am G Dm F

You can tell by the way^{Am}
 She walks that she's my girl^G
 You can tell by the way^{Dm}
 She talks, she rules the world^F
 You can see in her eyes^{Am}
 That no one is her chain^G
 She's my girl, my supergirl^{Dm F}

And then she'd say, It's okay^C
 I got lost on the way^G
 But I'm a supergirl^{Am}
 And supergirls don't cry^F
 And then she'd say, It's alright^C
 I got home late last night^G
 But I'm a supergirl^{Am}
 And supergirls just fly^F

And then she'd say^{Am}
 That nothing can go wrong^G
 When you're in love^{Dm}
 What can go wrong?^F
 Then she'd laugh^{Am}
 The night time into day^G
 Pushing her fear further along^{Dm F}

And then she'd say, It's okay^C
 I got lost on the way^G
 But I'm a supergirl^{Am}
 And supergirls don't cry^F
 And then she'd say, It's alright^C
 I got home late last night^G
 But I'm a supergirl^{Am}
 And supergirls just fly^F

And then she'd shout down the line^C
 Tell me she's got no more time^G
 Cause she's a supergirl^{Am}
 And supergirls don't hide^F
 And then she'd scream in my face^C
 Tell me to leave, leave this place^G
 Cause she's a supergirl^{Am}
 And supergirls just fly^F

Yes, she's a supergirl, a supergirl^{C G}
 She's sowing seeds, she's burning trees^{Am}
 She's sowing seeds, she's burning trees^F
 Yes, she's a supergirl, a supergirl^{C G}
 A supergirl, my supergirl^{Am F}
